

## About Us

### *Quality Healthcare, Rooted in Science.*

Sanode Healthcare is a progressive **nutraceutical manufacturing–export company** based in India, built on a vision to make world-class healthcare accessible across global markets.

Founded by a team of **doctors, pharmacists, and healthcare professionals** with over two decades of combined experience, Sanode Healthcare bridges the gap between scientific innovation and global wellness. Our foundation lies in strong ethical values, scientific precision, and a commitment to creating lasting global partnerships.

### *Who We Are*

At Sanode Healthcare, we are more than just exporters — we are **strategic partners in global healthcare**.

We collaborate with **WHO-GMP certified manufacturing facilities** across India, ensuring every product meets the highest standards of **safety, purity, and efficacy**.

Our approach integrates **scientific expertise, technical supervision, and modern quality systems** to deliver products that meet the expectations of international regulatory authorities and healthcare professionals alike.

Through our **strategic manufacturing partnerships**, we maintain complete control over formulation development, production oversight, packaging, and export documentation — ensuring that every shipment reflects our promise of **quality and consistency**.

### *Our Mission*

To enhance global well-being by delivering scientifically formulated nutraceuticals that meet the highest standards of safety, efficacy, and reliability.

### *Our Vision*

To be recognized as a **global leader in healthcare exports**, trusted for ethical practices, superior quality, and consistent excellence — where every product from India stands as a symbol of reliability and innovation.

## ***Our Values***

- **Integrity & Ethics:** We operate with complete transparency, honesty, and responsibility.
- **Scientific Excellence:** Every formulation is guided by research and clinical understanding.
- **Quality Commitment:** We deliver products that comply with international standards.
- **Global Collaboration:** We believe in long-term, win-win partnerships with importers and distributors worldwide.
- **Sustainability:** We pursue growth that is responsible to both people and the planet.

## ***Our Commitment to Partners***

At Sanode Healthcare, we don't just sell products — we build **relationships based on trust**. Our export partners rely on us for:

- Consistent supply of high-quality products
- Regulatory & documentation support
- Competitive pricing
- Long-term collaboration built on reliability and mutual growth

We see every partnership as a shared journey toward better health, better business, and a better future.

## Our Services

### *Comprehensive Solutions for Global Pharma & Nutraceutical Markets*

Sanode Healthcare provides a full suite of services to help international clients **source, brand, package, and deliver high-quality healthcare products** with confidence. Every service is designed to meet global regulatory standards, enhance brand presence, and ensure seamless international supply chain execution.

#### 1. Contract Manufacturing

Leverage our **WHO-GMP certified manufacturing partnerships** to produce high-quality nutraceuticals.

- Full technical oversight from formulation to finished product
- Bulk production for domestic and international markets
- Compliance with international quality and regulatory standards

#### 2. Private Labelling

Build your brand with our flexible private-label solutions.

- Custom branding and labelling tailored to your market
- Flexible minimum order quantities for small and large businesses
- Support for international packaging, artwork, and multilingual labelling

#### 3. Innovative Packaging & Design

Ensure your products stand out while maintaining regulatory compliance.

- Creative, modern, and functional packaging for tablets, capsules, powders, and liquids
- Compliance with international labelling and export requirements
- Assistance with design, graphics, and shelf-ready presentation

#### 4. Export Solutions

Sanode Healthcare handles the complexities of global trade, providing smooth end-to-end export support.

1. Documentation support: COA, COPP, Free Sale Certificates, MSDS, and other regulatory requirements
2. Efficient logistics management for air, sea, and courier shipments
3. Customized solutions for distributors, wholesalers, and international partners

## Why Choose Sanode Healthcare Services?

- **One-stop solution** for manufacturing, branding, packaging, and exporting
- **Regulatory and technical expertise** for smooth international compliance
- **Flexible collaboration models** tailored to your business needs
- **Guaranteed quality and consistency** through rigorous testing and certified processes

## Quality & Compliance

### *Ensuring Global Standards in Every Product*

At Sanode Healthcare, **quality is not just a process — it's our promise**. Every product undergoes rigorous quality checks and adheres to international standards to ensure safety, efficacy, and reliability.

We operate through **strategic collaborations with WHO-GMP certified manufacturing facilities**, ensuring that our production process meets the highest standards required by international markets. Our commitment to compliance and quality helps global partners trust Sanode Healthcare as a reliable source of healthcare products.

### *Our Quality Assurance Process*

#### **1. Raw Material Sourcing**

- Sourced only from certified, reputable suppliers
- Stringent testing for purity, potency, and safety
- Full traceability from procurement to production

#### **2. Manufacturing Standards**

- Production in **WHO-GMP and ISO-certified facilities**
- Modern equipment for tablets, capsules, powders, liquids, and soft gels
- Supervision by **R&D, process engineering, and production teams** to ensure efficiency and consistency

#### **3. In-Process & Final Product Testing**

- Multi-stage quality control checks at every manufacturing step
- Testing for **active ingredient concentration, microbial limits, stability, and safety**
- Compliance with international pharmacopoeial standards

#### **4. In-Process & Final Product Testing**

- Country-specific packaging according to **regulatory requirements**
- Multilingual labelling and barcoding for traceability
- Tamper-evident and secure packaging for global distribution

## 5. Documentation & Regulatory Support

- Complete export documentation: COA, COPP, Free Sale Certificates, MSDS, Certificates of Compliance
- Guidance for country-specific registrations and approvals
- Ensures smooth clearance and import compliance for international buyers

### *Certifications & Standards We Follow*

- **WHO-GMP** Certified Facilities
- **ISO 9001:2015** Quality Management System
- **HACCP & GLP-Aligned** Procedures
- **FSSAI** Compliant for Nutraceuticals
- Adherence to **USFDA, EMA, MHRA guidelines** where applicable

### *Why Sanode Healthcare?*

- **Science-backed Quality:** Every product is formulated and tested under strict technical supervision.
- **Global Compliance:** Meets international standards and export regulations.
- **Consistency & Reliability:** Buyers can trust us for **safe, effective, and high-quality products** every time.
- **Traceability:** Full end-to-end documentation for transparency and accountability.
